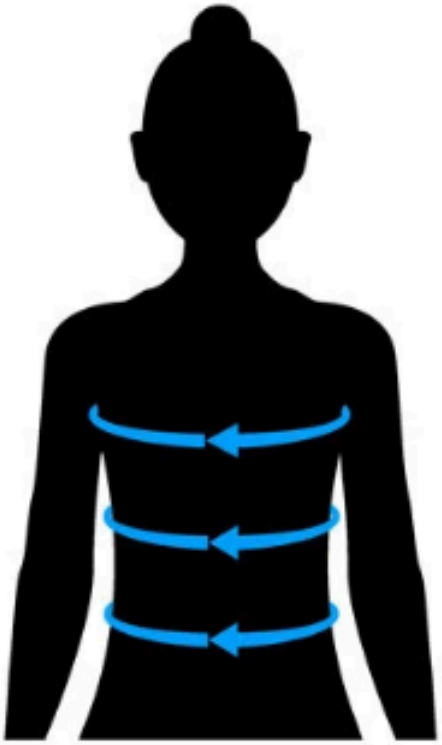
Size Chart

Women's Neo Life Jacket Size Chart



Life Jacket Size	Torso
XS	28" - 32"
SM	32" - 36"
MD	36" - 40"
LG	40" - 44"
XL	44" - 48"

FIND THE PERFECT FIT

1. Starting under your arms, wrap a soft measuring tape around your body.
2. Measure around the **FULLEST PART OF YOUR TORSO** (chest, bustline, or waist).
3. Apply your largest torso measurement to the size chart for an accurate fit.

When choosing a life jacket, follow the manufacturer's sizing recommendations. It should be snug, like a glove, yet flexible enough to go through multiple motions for your particular water activity.
