SIZE & FIT

- Loose Fit
- Most find garment to be true to size

TAILORED FIT

Designed to fit more like streetwear, this fit is slimmed down with less room for layering. Conforms more to the body shape and slimmed at the knee area, while still allowing movement.

ARTICULATED FIT

Found on our GORE-TEX and GLCR styles, articulation seams are placed in high mobility areas for comfort, room for layering, and to maximize mobility.

LOOSE FIT

A progressive and modern fit that combines a loose, roomy feel with a shorter length to pair nicely with our wide fit pants.

HOW TO MEASURE

BODY MEASUREMENTS

GARMENT MEASUREMENTS

NECK

Measure around the base of the neck, where the shirt collar is usually fastened.

CHEST

Measure at the widest point of the chest under the armpits and make sure the tape is straight and taut in back as well.

ARM LENGTH

Measure from the center of the back of your neck, then across the top of your shoulder and down the length of your arm to wrist.

LOW WAIST

Measure 1.5 inches lower than your natural waistline.

## BODY MEASUREMENTS

## GARMENT MEASUREMENTS

To choose the best size for you, we recommend you grab your favorite jacket and see how it compares to the measurements above. Measure your jacket with it zipped up and laying on a flat surface.

### NECK

Measure straight across where the neck meets the shoulders.

### CHEST

Starting at 1-inch below the sleeves, measure straight across the chest.

### SLEEVE LENGTH

With the garment flipped onto its front, measure the total length from the middle back of the neck, to the top of the shoulder, to the wrist.

### BOTTOM OPENING

Measure straight across the bottom of the garment. Make sure to loosen any cinches.

### LENGTH

Measure straight down from where the neck meets the shoulder to the bottom of the garment.
